The screenshot displays the Postman REST client interface. On the left, a sidebar shows a collection named 'Dynamic Pricing Engine' with several API endpoints. The 'Delete Rule' endpoint is selected. The main panel shows the request configuration: a DELETE method to the URL '[[baseUrl]]/api/pricing-rules/1'. The 'Body' tab is active, showing a message: 'This request does not have a body'. The 'Send' button is visible. Below the request configuration, the response is shown with a status of '200 OK', a time of '27 ms', and a size of '198 B'. The response body is '1 Pricing rule deleted successfully.'.
